Report of the Fire Chief

During the past year we have had twelve fires: four chimney fires, three house fires, two forest fires, one skidder fire, one debris fire and one fire at the dump. The Department was called to assist Woodstock with one forest fire. Members of the department responded to several emergency situations.

The Fire Department has distributed telephone stickers to occupants of Greenwood giving the toll free number for Oxford County Fire Control (1-800-482-7433) to be used for reporting fires. It has been impossible to contact every resident and seasonal resident with these stickers. Therefore, if there is someone in town who has not received a sticker, please contact some member of the fire department.

Each month we have a regular fire meeting, an officers' meeting and at least one training session. Some of the members attended training which was provided by the State Fire Training Program through the efforts of the Southern Oxford County Vocational Region 11 at no cost to the town or the department. This training has covered legal affairs of a fire department, public relations, budgeting and air packs. We have also completed some training on the new pumper and more will be offered in the spring.

The town does have chimney cleaner available to Greenwood taxpayers and may be secured by contacting any officer of the fire department.

I would like to thank the officers and members of the Greenwood Fire Department for their cooperation and efforts during the past year. We also appreciate the support of the taxpayers, some of whom have made generous donations, and the help given by the Auxiliary members. Through all the combined efforts we have been able to provide better fire protection for the Town of Greenwood.

Attached to my report is a copy of a letter addressed to the Chairman of the Board of Selectmen concerning and explaining Greenwood's fire insurance rating.

Fire Chief

INSURANCE SERVICES OFFICE

Chairman, Board of Selectmen
Town Hall
Town of Greenwood
Locke Mills, Maine 04255

Dear Sir:

The result of our recently completed analysis of the fire defenses of Greenwood shows that the town grades 9th Class rather than 10th Class which previously applied. The assignment of 9th Class represents an improvement in the town fire defenses with respect to our grading system and will affect basic property insurance rates downward on certain classes of property.

For commercial property fire rates the average reduction should be approximately 5%.

The minimum dwelling grade for Greenwood has also improved from Grade "F" to Grade "E" affecting Dwelling Fire insurance rates downward approximately 15%. Homeowner Fire insurance rates should also be reduced approximately 10%.

Specifically rated properties affected by the change in classification have been rerated and revised rates will be issued effective August 23, 1977.

Very truly yours,

John R. Anderson, P. E.

Report of Plumbing Inspector & Code Enforcement Officer

The Plumbing Inspector has been quite active this year in regard to inspection of plumbing permits, problems regarding Shoreland Zoning and general consultation with interested persons regarding the plumbing and shoreland regulations.

Activities of the department:

Applications for permits to install plumbing — 9

Personal Consultation — 22 hours

Shoreland Zoning Consultation — 11 Hours

It is anticipated that more interest and information will be asked regarding Shoreland Zoning in the future.

I would suggest that before any building or installation of plumbing is contemplated that one contact the Plumbing Inspector for permits, as it might lessen possible problems later on. The same suggestion applies to any contemplated building in Shoreland Zoned Areas as the two regulations are very directly related.

Respectfully submitted,

SAMUEL H. TIMBERLAKE

Report of the Road Commissioner

Last year was the year of the floods. March 14th and 15th Young Hill road washed out, 1,200 feet of tar road and 400 feet of gravel road washed out in Richardson Hollow. A section of the Howe Hill road washed out and there were several small washouts scattered around town. The town did not receive any disaster money so the rebuilding had to be paid for with summer and special roads money.

This year two culverts on the Howe Hill road will be replaced with larger culverts and two new ones will be put in. They should stop the repeated washouts in that area.

After a couple small changes are made to the roads around the Mt. Abram chalet village, the town will take them over as town roads. It was voted on at a previous town meeting that it could be done when the roads were up to town standards. The roads will then be tarred to cut down the maintenance.

Three new sections of road were tarred last summer. Two were on the Alcohol Mary road and the tar was extended up Howe Hill in the chalet village.

The Irish Neighborhood road job was completed. It will be tarred this summer. The \$1,500.00 we are asking for will be used to finish the last section.

The town will be receiving \$5,096.00 in town road improvement money from the State. This money has some guidelines as to where it can be spent. It will be used this year although definite plans have not been made yet.

Last summer the normal grading and ditching was completed with the Indian Pond and Martin's Turn Roads receiving extra surface gravel. With the washouts and the many other projects, the road crew had an extra busy year.

The rock rake I am asking for is a big time saver which cuts grading time and will help prolong the life of the grader which is in poor shape. The bucket loader will be having some repair work done on it soon. We hope it will

put off having to buy a new one for a few years. A new truck is needed because the 1972 is not a dependable plow truck. The 1973 and 1975 trucks are in good shape.

Increases in Summer and Winter road accounts will be for increased wages and increases in the amount we pay the equipment. The amount for equipment has been raised already.

I am running for reelection and I ask for your support. My eighteen months on the job have given me a lot of experience which I will put to good use in the future. Please call me anytime if you have any questions or if I can be of any assistance. I want to thank the people who called last year to inform me of a bad road situation. It helped me greatly and we were able to remedy the problem quicker. The garage phone number is 527-2102 and my home phone is 527-2208.

Respectfully submitted,

Board of Selectmen
Greenwood, Maine

Gentlemen:

In accordance with the provisions of Title 30, Section 5253, Revised Statutes of 1964, and at your request, the financial records of the Town of Greenwood have been audited for the municipal year ended December 31, 1977.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirement have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Transactions effecting Federal Revenue Sharing Funds were examined in accordance with the "Audit Guide and Standards for Revenue Sharing Recipients" issued by the Office of Revenue Sharing, U. S. Department of the Treasury.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to

have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules together with the accompanying comments present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

C. R. WOODMAN

Public Accountant

COMMENTS

TOWN OF GREENWOOD

January 1, 1977 to December 31, 1977

An audit of the financial records maintained by the various officers of the Town of Greenwood has been completed for the municipal year ended December 31, 1977.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits and supporting schedules.

Net departmental balances lapsed to general fund surplus amounted to \$15,082.98. This was occasioned by unexpended balances in excise tax and overlay accounts (Exhibit D). Most unexpended balances were carried forward to 1978 at the direction of the Selectmen.

ASSETS The general fund cash balance of \$33,132.53 was reconciled with a statement furnished by Casco Bank and Trust Co., Bethel, Maine.

Accounts receivable of \$342.56 consisted principally of balances due from individuals for cemetery and highway activities.

Taxes receivable of \$34,553.00 represented the uncollected balance of the 1977 commitment of \$33,983.12 and a balance of \$569.88 from prior years.

Tax liens amounted to \$7,319.13 at the year end, while tax acquired property totaled \$1,018.13.

LIABILITIES The Town had no recorded liabilities at the year end.

SURPLUS Appropriation account balances carried forward to the ensuing year amounted to \$27,116.14, and represented departmental balances carried forward at the direction of the Selectmen.

The unappropriated surplus amounted to \$44,870.85 at the year end, an increase of \$24,794.45.

REVENUE SHARING FUNDS available from the State amounted to \$10,851.24 of which \$7,279.55 was applied to reduce the tax rate. Federal revenue sharing funds available amounted to \$55,753.43, of which \$35,407.60 was used as voted by the Town. Detail is shown on Exhibit F.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were utilized to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at December 31, 1977, and the result of its operations for the year then ended.

Report to the Taxpayers of Greenwood

The valuation of industrial and commercial property was completed by professional assessors in the year of 1977. Grace Emmerton, the assessor of Norway, assisted the local assessors in determining land value and spot checked several buildings that were sold in 1976.

The minimum standards set by the Bureau of Taxation were met in 1977 as the result of our revaluation.

1. Assessment ratio of 90%
2. An assessment quality rating of 30

By 1979 a maximum rating of assessment quality of 20 must be maintained each year thereafter. This means that a deviation of less than 20% of the selling price of property must be the assessed value. For example, a property selling for \$20,000, the assessed value must be between \$16,000 to \$24,000. Also the physical inspection and inventory of each real parcel and personal property account will take place at least every 4 years. This means that the assessors must go into all buildings, visit all parcels of land and look at every piece of personal property within 4 years.

This year we are recommending that all accounts be raised from direct taxation instead of surplus. This will enable the taxpayers to better understand the cost of town expenses, plus building up the Town surplus.

Within the next several years these changes may be considered to enable the town to be operated more efficiently: (These are not listed by priority)

1. Selectmen elected for 3 year terms
2. Town Manager to be shared with other towns
3. Road Foreman
4. Town Garage
5. Single Assessor
6. Town Beach
7. Town Dump

A debt of gratitude and appreciation to Curt Martin and Margery Swan for their services for the last two years.

Curt for his helpful knowledge in mapping and highway matters, Margery for the bookwork, typing and telephone calls, and especially in helping three new selectmen in 1970.

HERBERT E. DUNHAM, Chairman
Board of Selectpersons
Town of Greenwood
